Our commitment to the responsible use of digital technology

At Colac South West Primary School we are committed to building a culture of respect and responsibility. We show this in the way we use technology and interact online. We teach students to use digital devices and tools safely, ethically and responsibly, including how to recognise and respond to online dangers and threats. We support students to develop the digital skills they need to make a positive impact in the world. We make careful choices about when and how we use digital devices and tools. Their use is teacher-led, carefully planned and limited to specific learning goals and assessments required by the Victorian Curriculum 2.0, or where they provide a clear advantage over non-digital alternatives.

What we do

	We set clear expectations • We have clear expectations about appropriate conduct using digital devices and tools. • Our **Mobile Phone Policy** CSW Mobile Phone and Smartwatch Policy outlines our school's expectations relating to students using mobile phones during school hours. • We have clear and appropriate consequences when students breach these expectations, in line with our **Student Wellbeing and Engagement Policy**. CSW Student Wellbeing and Engagement Policy
	We teach appropriate conduct • We teach our students to be safe, intentional and responsible users of digital technologies, including age-appropriate instruction on important digital issues such as cybersafety and cyberbullying. • We help our students navigate the appropriate usage of artificial intelligence (e.g. Google Search AI mode – which is a default setting).
	We partner with families • We work with parents and carers to understand the digital technology-related issues they are facing at home. We support them with information and tools that help.
	We provide access to technology • We provide access to educational software for students to use such as: Class Dojo, Compass, Get Epic, Essential Assessment, Microsoft Teams, PAT testing, 99Math, Canva, Kahoot, Office 365 (One Drive), Virtual Schools Victoria website (Rapid Typing, Typing Club, MineCraft, DAL (Digital Assessment Library), Sounds Write App, Literacy Planet, Topmarks, Prodigy, Interland. • We create student email accounts which are non-identifiable
	We supervise digital learning • We supervise students using digital technologies in the classroom. • We use clear protocols and procedures to protect students working in online spaces.
	We take appropriate steps to protect students • We are provided with a filtered internet service to block inappropriate content. Full protection from inappropriate content cannot be guaranteed, however, we have processes to report and act on inappropriate content. • We may access and monitor messages and files sent or saved on our network, if necessary and appropriate. • Parents are advised that student data from applications and websites may be stored offshore. Microsoft Office 365/OneDrive and DE's eduPASS system has data covered under Australian Law but other cloud services may not.
	We appropriately manage and respond to online incidents • We work to prevent, respond, and learn from issues or incidents relating to the use of digital technology, including cybersecurity incidents, cyberbullying and risks to child safety. • We refer suspected illegal online acts to the police.

How parents and carers can help

Respect Engage Achieve Care Honesty

Colac South West Primary School is a Child Safe School

ACCEPTABLE USE AGREEMENT 2027

Below are our suggestions for ways you can support your children to responsibly use digital technology.

	Establish clear routines
	• Talk to your child about expectations including when, where, and how digital devices can be used at home, ensuring these rules are age-appropriate and consistent. These can include:
	  ○ Requiring devices to be used in a common area, such as a living room or kitchen .
	  ○ Setting up a specific area for charging devices overnight, away from bedrooms, to promote better sleep hygiene.
	• Be present when your child is using digital devices, especially for younger children who may not yet understand online risks.

	Restrict inappropriate content • Use built-in parental controls on devices and apps to help manage their device access and restrict inappropriate content, including apps and websites that are not suitable for their age group. • Consider restricting the use of non-educational apps and apps with addictive game mechanics (e.g. rewards, badges, limited exit options).
	Talk about online safety • Talk with your child about the importance of protecting personal information and recognising online scams. • Talk with your child about age restrictions on social media and explore other ways they can connect with their friends online and offline. • Encourage your child to talk to you or another trusted adult if they feel unsafe online.
	Model responsible and balanced technology use • Encourage a healthy balance between screen time and offline activities, especially outdoor unstructured play and time with friends and family, face-to-face. * • Demonstrate responsible and balanced tech use in your own daily routine to set a good example for your child. • Encourage students to use mindful techniques discussed during The Resilience Project lessons around engaging with screens. • Encourage students to use a timer or be aware of how long they are using their device for and the purpose.
	Work with us • Let your child's teacher know about concerns you have regarding their technology use. • Keep informed about what your child is learning at school, so you can help reinforce positive messages at home.

***Australia's physical activity and sedentary behaviour guidelines** include the following recommendations for children between 5-17 years-old regarding sedentary recreational screen time:

- no more than 2 hours of sedentary recreational screen time per day
- avoiding screen time 1 hour before sleep
- keeping screens out of the bedroom.

Support for parents and carers

To learn more about how to support the safe, intentional and responsible use of digital technologies at home, the eSafety Commissioner provides resources for parents, and outlines available counselling and support services.

For students

What we expect

Below are our expectations of students at our school when using digital technologies.

Be safe

We protect personal information and keep safe online.

We do this by:

- Not sharing our password or using someone else's username or password.
- Logging out of our devices when they are not in use.
- Restricting the personal information we post online, including images and videos.

Be respectful

We are kind and show respect to others when using technology.

We do this by:

- Acting with kindness and never bullying others online.
- Thinking about how our words might make others feel before we say or write them.
- Only taking photos or recordings of others when they are aware and have given us permission or consent to do so.
- Seeking permission before sharing others' information online.

Be responsible

We are honest, handle technology with care and follow the school rules.

We do this by:

- Handling devices with care.
- Not interfering with devices, school systems, or other students' work.
- Not downloading or using inappropriate programs like games.
- Not using technology to cheat or steal, and always acknowledging when we use information sourced from others.
- Turning off and securely storing our mobile phone during school hours.
- Not using age-restricted social media, except to access appropriate content that is available without an account.
- Ensuring a healthy balance between screen time and offline activities at school.
- Not having food or drink near our computers.
- Closing our laptop screen before walking anywhere.
- Carrying our devices using 2 hands.
- Use our device at a table or on a hard surface.

Ask for help

We ask for help if we feel unsure or see something inappropriate.

We do this by talking to a teacher or a trusted adult if:

- We feel uncomfortable or unsafe.
- We see others participating in unsafe, inappropriate, or hurtful online behaviour.
- We notice any damage to school technologies.
- We need help understanding about a digital tool or how it can be used.

Support for students:

The e-safety commissioner's eSafety kids page has helpful information to help you stay safe online.

My ideas on safe and responsible online behaviour

Your task:

- Talk with your classmates and/or your parents about what safe and responsible online behaviour means for you.
- Write or draw your response in the boxes below:

Be safe - I protect personal information and keep safe online. This means I:

(write or draw…)

Be respectful - I am kind and show respect to others when using technology. This means I:

(write or draw…)

Be responsible - I am honest, handle technology with care and follow the school rules. This means I:

(write or draw…)

Ask for help - I ask for help if I feel unsure or see something inappropriate. This means I:

(write or draw…)

ACCEPTABLE USE AGREEMENT 2027

Breaching the Student Agreement

Students who do not use digital technology in a way that reflects the four expectations or our Colac South West Primary School REACH values, may result in:

- Confiscation of the device.
- Limited usage within the classroom and use of alternative resources (e.g. pen, paper, books).
- Removal of internet access privileges.
- Removal of storage space and network access.
- Conversation with parents regarding appropriate usage.
- Paying to replacement damaged equipment.
- Other consequences as the school deems appropriate - this may include suspension
- A new user agreement will need to be completed with discussion around the CSW school values and how to be safe and responsible online.

Instructions

- Students are encouraged to speak with their parents or teachers prior to signing this agreement if they don't understand what it means, or if they have questions they would like to discuss.
- Complete the agreement, including parent/carer acknowledgement and return it by **end of Week 3 (early due date due to NAPLAN)**.
- Completed agreements can be returned to your child's classroom teacher.
- Students are unable to use digital technologies at Colac South West Primary School until they have returned their CSW Acceptable User Agreement.

ACCEPTABLE USE AGREEMENT 2027

Student Agreement

_____

(Student Full name)

I understand and commit to uphold the expectations of me as a student when using digital technology.

I will do my best to:

- **be safe** *to protect personal information and keep safe online.*
- **be respectful** *and kind to others when using technology.*
- **be responsible** *by demonstrating honesty, handling technology with care and following the school rules.*
- **ask for help** *if I feel unsure or see something inappropriate.*

I will continue to learn about how to use digital technology in a safe and responsible way.
